

22 November 1957

MEMORANDUM FOR: DAD/CR  
SUBJECT : OCR Collection Responsibilities  
REFERENCE : EA-57/II. c/2, 24 September 1957

Document Division has no suggestions to contribute relating to unexploited collection targets. Because we are an operation confined to processing and do not participate in reference activities it appears that any targets we came across would need to be referred to the CIA Library or appropriate Register for evaluation before action.
